

Police Communications Technician

Police Communications Technicians are assigned to the Department's Communications Division as 911 emergency operators. They serve as a radio dispatcher of police resources and perform all other clerical and administrative duties related to the provision of emergency service. Police Communications Technicians are required to work shifts, including evenings or night tours and/or Saturdays, Sundays and holidays. There is per-shift pay as well as night shift pay differential.

Qualifications:

1. Four year high school diploma or its educational equivalent. One year full time paid experience performing clerical duties; or public contact work requiring obtaining information; or 30 college credits or two years active military duty with honorable discharge.
2. Salary: \$32,710 and can increase to \$44,379.
3. New York City residency is required within 90 days of appointment.
4. Entry into higher level positions, other than through promotional exams, depends on the applicant's prior training, education and experience and the job requirements for the position.
